Hi Nadeem:

We have reserved the dates.

All information on the airport alignment will be posted on our file exchange site at ProjectSolve by close of business on Friday. Some of it may go on late in the day here in Honolulu, so everyone should have complete access by Saturday morning. Anyone needing access to the site should contact Harvey Berliner.

Regards,

Simon

Simon: Can you provide us the cost, schedule, contingency, scope changes and any other relevant data for the new alignment by Friday, March 27th. You need to send the information to Kim Nguyen with cc to Tom Mantych and Cathy Luu. We would like to schedule a workshop meeting with you on April 16th and 17th to review this data and revise/update the risk assessment report. Please call me if you have questions.
